

Our Professional Bio-Active Silver Hydrosol™ Makes All Other Professional Silver Supplements Obsolete.

BIO-ACTIVATED™ FOR 55X GREATER POTENCY... AND IMMUNE-SUPPORTING* POWER.

ACTIVELY CHARGED (Bio-Active)
As corroborated by a university study, Argentyn 23® contains 96% actively charged silver particles (Ag+), at least 55 times more powerful than other brands.

EASILY ABSORBED
Argentyn 23's® unprecedented particle size of 0.0008 microns (validated by Transmission Electron Microscopy) allows for easy absorption into — and excretion from — the cells and body.

LESS IS MORE
Our ultrasmall particle size also results in a greater silver surface area. That's why even with a low concentration of 23 ppm, Argentyn 23® is still much more effective than brands which contain up to 1000 ppm!

PERFECTLY SAFE*
Argentyn 23® is formulated to be safe for the whole family. Taken 3x a day for 70 years, Argentyn 23® still falls below the EPA daily Oral Silver Reference Dose (RfD).†

99.999% PURE
Argentyn 23® has only two ingredients: silver and pharmaceutical-grade purified water. It does not contain added salts or proteins that render other silver products ineffective. Plus, it is packaged in nonleaching glass bottles.

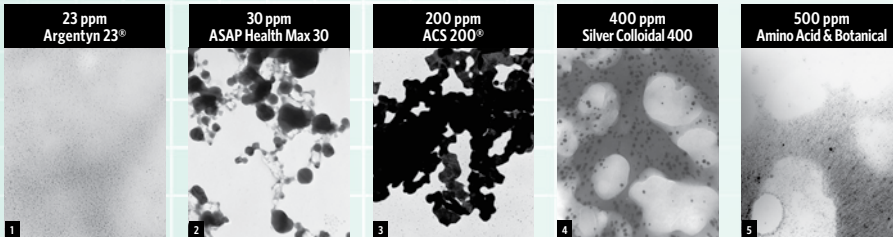

Through the use of modern sub-nanotechnology,¹ we have developed an exclusive Bio-Activation™ process that dramatically reduces particle size — while increasing the immune-supporting benefits* of Argentyn 23® at least 55x over other silvers.²

†According to the EPA (CASRN 7440-22-4) daily Oral Silver Reference Dose (RfD) applied to 23 ppm, one may ingest 76,650 dosages safely over 70 years.

Why Argentyn 23®? More info on back!

Scientific Proof That Our Professional Bio-Active Silver Hydrosol™ Is The Gold Standard Of Silver Immune Support.

Black areas and blotches in images 2 through 5 indicate larger silver particles or silver bound to proteins, salts, or other contaminants, which not only render the silver inactive, but also make it difficult for the body to excrete.

Don't Be Misled by a Higher PPM.

When It Comes to the Purest, Highest-Quality Silver, LESS Is Definitely More!

Electron microscope images at 100,000x show our silver particles are much smaller and more evenly dispersed than any other competitor — thereby increasing absorption, excretion, and overall potency at least 55x.²

Why Bio-Active Silver Hydrosol™ over any other form of silver?

A silver hydrosol represents the ultimate refinement of the colloidal silver category. It is the suspension of a high content (96%) of positively charged silver ions (Ag+) in only pharmaceutical-grade purified water. This is not to be confused with ionic silver, an inferior form of neutral silver/silver salt that is in solution (dissolved) rather than in colloidal suspension. The positively charged silver ions (cations) in a silver hydrosol remain in suspension, maintaining their fully active state for synergistic use within the colloidal matrix of the body.

Over the past two decades, the term "colloidal silver" has been dramatically polluted by manufacturers that produce silver products contaminated by the presence of salts, proteins, impurities, stabilizers and oxidation – all of which serve to degrade and diminish the activity of the silver.

This is why Argentyn 23® is most accurately referred to as a Bio-Active Silver Hydrosol™.

For Best Results*

The success of silver hydrosol as the ultimate immune supplement* not only depends upon the right particle size, particle energy and purity (all inherent in Argentyn 23®), but also through correct use. Follow the simple guidelines below to ensure your ongoing satisfaction with Argentyn 23®:

Maintenance* - One teaspoon, hold under tongue for 30 seconds, then swallow, once daily.

Immune-Building* - 3 times daily.

Long-Term Immune Support* - 5 times daily.

Short-Term Immune Support* - 7 times daily.

What Doctors and Patients Say About Argentyn 23®...

"It is without hesitation that I support and applaud Natural-Immunogenics Corp. for its safety and quality in making an excellent and pure silver hydrosol product for public use."^{*}

— **Dr. Dana Flavin, M.D., former assistant to the Associate Bureau Director, Division of Toxicology at FDA.**

"Natural-Immunogenics' professional silver hydrosol is a simple and reliable solution that I regularly use to support the immune health of my patients."^{*}

— **Dr. Stephen Hines, N.D., Hormonal Balance Clinic, San Angelo, Texas**

"Argentyn 23® has become a mainstay of my clinical practice whenever immune issues arise, which is often."^{*}

— **Dr. Howard Hagglund, M.D., Norman, Oklahoma**

"I have seen undeniable immediate and long-term benefits. I take Argentyn 23® everyday. It's the #1 thing in my travel kit when I trek in Europe."^{*}

— **D. Cote, Boston, Massachusetts**

"I first used Argentyn 23® to help support my 5 year old's immune system. I was amazed to see how fast this product worked. I have since started using it regularly in my practice with the same type of response from my patients. This should be a primary tool in every health care practitioner's arsenal."^{*}

— **Dr. Thomas Hornaman, D.C., Hornaman Chiropractic Center, Union City, PA**

Put Argentyn 23® to the test today!

¹At less than one nanometer, Argentyn 23's® particle size is so tiny that it actually enters the realm of picoscalar technology, which is measured in trillionths of a meter.

²Third-party in-vitro USP-51 tests measuring effectiveness of a variety of silver products showed Argentyn 23® to be at least 55x more potent than other brands tested. In some cases, Argentyn 23® outperformed other silvers tested by 100x and even 1,000x.
